

American Odyssey Relay Transition Addresses

The following addresses can be plugged into GPS systems and will get you to the transition noted. In some cases, the address may be a few houses away as we did this via mapping technology, not by driving to all 36 transitions. If you think you have a more accurate street address, please send it along!

In addition to this sheet, we have included the addresses on each individual van direction.

Happy (and safe!) driving.

- T1 – 100 Queen Street, Gettysburg, PA
- T2 – 3640 Emmitsburg Road, Gettysburg, PA
